RECORDING OF MEETINGS

Under the Openness of Local Government Bodies Regulations 2014, members of the public are now allowed to take photographs, film and audio record the proceedings and report on all public meetings (including on social media). No prior notification is needed but it would be helpful if you could let the Chair, or Clerk, know that you plan to film or record so that the necessary arrangements can be made to provide reasonable facilities for you to report on meetings. This permission does not extend to parts of meetings which are not open to the public. You should take all recording and photography equipment with you if a public meeting moves into a session which is not open to the public
